Patent Case: Boehringer Ingelheim v. Teva Pharmaceuticals, The Netherlands

Bart van Wezenbeek (Millipede) · Thursday, January 10th, 2019

The Court of Appeal of the Hague confirmed that a technical effect may only be corroborated by post-filed data if it is sufficiently plausible from the description. Further, extension of the process (counter)claim at a late stage in the proceedings was not permitted as it conflicts with efficient case management.

Case date: 11 December 2018

Case number: 200.208.036/01C/09/489185/HA ZA 15-625
