Patent case: Bayer Intellectual Property GmbH vs. Ceva Santé Animale SA., Netherlands

Bart van Wezenbeek (Hoffmann Eitle) · Wednesday, October 16th, 2019

Bayer was not granted an injunction in preliminary proceedings because the Court found that there was a serious chance that Bayer's patent would be held invalid. The fact that the patent had survived opposition before the EPO was of no influence since new, closer prior art had subsequently been found.

Case date: 17 September 2019

Case number: C/09/576374 / KG ZA 19-621

Court: Provisions Judge of the District Court of The Hague
